Request for Tombola Prizes

The Youth Centre provides open access facilities and other services for the young people of this area and we are, following the loss of financial support from the local authority, responsible for raising the required funding to do this each year. This means that we have to take part in different fund raising events, the current one being the Knighton Park Fete on Sunday 4 September, when one of our efforts will be a tombola stall. To run a stall of this nature we will need to supply 100 prizes and it will be a severe setback to us if we have to produce all of these items ourselves.

Over the next two weeks, some of our helpers will be contacting local shops and businesses requesting a donation of a prize which we can use for this event. Any support that you can give us in this will be very much appreciated

Many thanks

Graham Pote
